The Religious concept and significance of Uniting with the sun disc applied to the Texts and views of Dendera

Abstract:

The goal of this paper is to shed light on particular concepts of Xnmt itn applied to the texts of Dendera temple.

Uniting with the sun disc was one of the most important rituals of the new year feast, which occurs in the roof Kiosk at Dendera temple. It aims to re-support the inert Ba of the goddess Hathor, Which lost its effectiveness in the end of its cycle life by the end of the year, to recharge this Ba and to provide it with the creative power needed to manage ground affairs like the sun god.
