

6- Address of the searching: "the conscientious referring in the generous Quran is violence (Taha) example " taking raved the searching "the conscientious referring in the generous Quran is violence (Taha) example" since the referring she the relationship between the phrases as to, and between the things and the situations in the external scientist who indicates to him the phrases on the other side, weak element from the elements which investigation does on textual; Then status of scientists textual several elements for investigation textual from her the referring, that elements she which assembly of the text performs to; So to textual investigation the fusing shows from (the forming), and the textual adherence (the knitting), and the textual agreement, and the textual formation (the the one college), so to the ties between the individuals show from corroded the sentence is formed, and to the sentence in the text shows for to relates in what before her and in what after her from the camel linguistic connections phonetically – and he what the forming – rises and semantic – connections and he what the knitting and the agreement rises, so the sentence in the text is partial self of evidence, followed be possible to the evidence real be decided precisely for each altogether inside what college of the text rises in to in previous observance the evidence and the appendage at that the sequence (the succession the camels) ; Then the text looks to whatever his smallness of size on that he unity the complete connected parts. After that studied the subject raved taker from violence (Taha) wide domains for the application be possible for the searching to the coming results register:

1- The textual adherence from the important things in the ratio for the textual analysis, "and from then antagonizes him some researchers necessary conditions and enough for the acquaintance on what he

dictated, and on what not text”, and from here importance of the referring in the ratio for the text appears.

2- Study of the referring in the generous Quran; Big effect in the detection about side from his have fun sides of disablement, faces faced from so screamed him and his eloquence, and that for that the generous Quran used the referring in various her masts, and her manners from personal consciences, and indicative, wmwSwlyt; For what tqwmbh the referring from role essential in the ties between elements of the text.

3- The connection and the adherence appeared the waaDH texts violence " of Taha " became clear in; That the one subject reviewed to who treats him the violence; Since her subject be about to cut consolatory of peace be upon him be limited in, and what that cut from occurrences with pharaoh and the magicians occurred during waalsaamry – manufacturer of the wheel who his slave built Israel - then the comment in male brief glance from cut of Adam – peace be upon him with what intervened that from turn of the attention, and orientation of the sight to entrusted of the sermon and the passings. Cuts of the Quran generally accumulates her general frame, he that she example and amusement for messenger of Allah – peace be upon him and for his nation and he to complains flirtations connected, and the pertaining circumstances for each cut be possible her unification in the invitation and the denial and the harming and revenge of Allah from aalmkdhbyn.

4- All kinds arrived the referring in violence (Taha); Whether the external referring, or interior, tribal progressionist, or dimensional subsequent, or the partial referring (lexicographic) or complete (textual).

5- Does not return in aaaalswrtnaasx verb from sisters (was) his news altogether, and leads mentioned verbs only from sisters (catechu) they (be

about to, wTfq) and news of this acts be necessary that effective formation of sentences did her mDaare'.

Hereby hopes that the success is allied me in searching the subject raved, (and what successes to in Allah on him be authorized and to him delegated)
