

8- Address of the searching: " The similarity in the dismissal "lesson raved the searching ( the similarity in the dismissal ) the favored similarity in the structure, and what this structure befalls l'ajl the similarity only, where the effect happens far about the bases aalSrfyt opposite have fun and to the similarity postpones and seated aalSrfyt together; Where the effect is incident observance for the similarity with corresponding seated of Srfyt also with the similarity, and lesson of the searching leads the similarity aalSrfyt through facilitating of speaking in him about arbitrator of the similarity, and importance shines us beside the phonetic preservation on the agreement and the sonic agreement, and reasons The similarity, and the similarity between the hearing and the measuring, then lesson of the searching in his chapters the five the favored similarity in change the form, and the similarity in the exchange, and the similarity in the deleting, and the similarity in load is form on last, and the similarity between the pronunciation and shines us . The similarity divides to qmsyn:

Standard similarity, the weak event in impact presence matters of allowable steady legalities, so the similarity in preponderance perceived sharp their on the other, with legality of steadiness the preponderance raved, and legality of choice aalmrjwH, so the measurement returning to nature the cases which perceived in her the similarity, then the similarity laborer of preponderance hosts formal harmonies external to elements of the sentence with the agreement in shines us and conservative on him.

Similarity smaae'yt, weak similarity of form to delayed, or expression for last, without presence mqtD for the change in the form or the expression with security the clothing . The similarity laborer from laborers the preponderance, and arbitrator from the arbitrators allowable advisable and not essential or needed. Weak task of importance profound in the

language Arabic, then indeed her matters perform phonetically musician, impact of inclination happens in talking to the walk on dropping one mental pleasure stubborn talking performs to and the listener according to whether, and beside that to shows from conservative on shines us, for that he the purpose from the practical continuity linguistic between individuals gathered the one, so Arabic similarity of the pronunciations chooses except spoils on them helped, so shines us the degree comes in first, and improvement of the pronunciation in the rank second.

Reasons of the similarity in phenomenon became clear musical in the language Arabic, and the preservation on the one dropping in the phrase, and that resultant from the one weight waalrwy in the pronunciations, just as reasons in preference of the lightness became clear her and the ease and the economy in the muscular effort, where the sounds be alike or approaches; So the sonic agreement fulfills, and the muscular economy in the effort, and facilitation the practical pronunciation, just as reasons of the similarity in eviction of the door on manner one became clear, and the preservation provided that occurs on sharpened one, HtYlaa knock differs tSaaryf the word.

The similarity in the structure perceived or the form, so envies her to last form resembles of which causing of agreement performs to and rhythmic agreement in phrases of the language, output followed that about the origin, and already idealizes the change in change raved movement the mere past assigned, and use triple mere instead of extra in him, and name of the performed is blessing triple mere instead of extra in him, and the characteristic aalmshbht (so child) instead of participle (subject), and (does □ so highness) instead of (verb), and (so needy) instead of (verb) and gathering of the breaking instead of gathering aalmu'nth safe, and the gathering formed (verb) instead of (verb).

Just as the similarity in turning perceived last sound voted to, and already happens the turning on level raved aalSwaay't or on level aalSwaamt, and leads is standard walks releasing base steady reconciled the similarity in choice perceived his roadsign and preponderance on other, as to preponderance turning of the hamza performs to and turning lodged on her yaa'AA in towards : hraawy and afflicted me and rose me, for her similarity of single, and leads the turning is hearing not for him what requires him from linguistic law or releasing base to the similarity between the forms, so he outside on the bases and opposite have fun, therefore follows him the some necessarily hairy, so the hearing stops on followed measures on him, just as that the hairy necessity does not measure on her in capacity of the talk.

Of which will of the similarity between the forms results about and her observance deleting one of of letters of the form lttshaakl with last form deleting of one of her of letters, corroded agreement and equality happens the evident forms, and this deleting not for him illness or reason other than the similarity.

( Suggest doubt on you be authorized and to you delegated and to you the destiny )and Allah the guide to equality the way.
