

Beggar "Western Model"

Critical study in light of modern psychology

This research aims to psychologically study the character of the hero "Omar al-Hamzawi" to reveal the particular nature of that character and unwinding its mysteries and ambiguity in previous critical studies. Reading this character upright with a lot of scenes and hero character behaviors. research began by deepening the roots of this character's nature, which Najib Mahfouz painted from Western literature (American, French and Russian.) We answer Mahfouz, as the general framework for clarifying the shortcomings of the community entity derives from this western model The character of Omar al-Hamzawi is reflected in a psychiatric patient with what is known as "schizophrenia" in psychiatry. This study matched the phenomena of the disease according to psychiatric studies and the symptoms of the case of "Omar al-Hamzawi", according to the account.
