### **Introduction:**

The Faculty of Medicine, Fayoum University, is working hard out of its belief in its duty to provide a distinguished health service, not only by providing scientific programs and practical services in accordance with the latest international standards, but also to improve the services provided to the community in a manner commensurate with the surrounding circumstances. Achieving the vision and mission of the college and the university by improving the level of services provided to the community in line with the sustainable development plans of the state in light of local, regional and international challenges. In line with this comes the conference of the Faculty of Medicine, Fayoum University, under the title "non-communicable diseases

### **Conference objectives:**

1. Building bridges of knowledge communication between all disciplines to improve health services.
2. Discuss innovative scientific, practical and educational ideas regarding the most prevalent health problems in society.
3. Spreading the spirit of teamwork and raising the spirit of scientific competition among doctors of various specialties.
4. Upgrading the scientific and practical level of physicians to match the levels of their peers in developed countries.
5. Increasing the connection between graduates and the college and exchanging scientific experiences between doctors.

## مقدمة

تعمل كلية الطب جامعة الفيوم جاهدة ايمانا منها بواجبها في توفير خدمة صحية متميزة ليس فقط بتقديم البرامج العلمية والخدمات العملية بما يتوافق مع احدث المعايير العالمية بل ايضا للارتقاء بالخدمات المقدمة للمجتمع بما يتناسب مع الظروف المحيطة. محققا بذلك رؤية ورسالة الكلية والجامعة بتحسين مستوي الخدمات المقدمة للمجتمع بما يتماشى مع خطط التنمية المستدامة للدولة في ظل التحديات المحلية والاقليمية والدولية. واتساقا مع هذا يأتي مؤتمر كلية الطب جامعة الفيوم تحت عنوان "الأمراض غير المعدية".

## أهداف المؤتمر:

١. بناء جسور التواصل المعرفي بين كافة التخصصات للارتقاء بالخدمات الصحية.
٢. مناقشة أفكار علمية وعملية وتعليمية مبتكرة فيما يتعلق بالمشكلات الصحية الأكثر انتشارا في المجتمع.
٣. بث روح العمل الجماعي ورفع روح المنافسة العلمية بين الاطباء من مختلف التخصصات.
٤. الارتقاء بالمستوي العلمي والعمللي للاطباء بما يقارب مستويات اقرانهم في الدول المتقدمة.
٥. زيادة الترابط بين الخريجين والكلية وتبادل الخبرات العلمية بين الاطباء.
