

# Are you a Solutionist™?

*we strive. we lead. we thrive. we solve.*

At Dow, we work together to provide solutions that make a difference. Connecting closely with our customers in more than 160 countries, we offer more than 5,000 products to create competitive advantage while positively impacting the world we live in. We combine world-class expertise, future-focused technologies, and sustainability to solve global challenges in the areas of energy, consumerism, health and nutrition, infrastructure and transportation.

As a Fortune 50 company with more than 52,000 employees, over 350 locations and 197 manufacturing sites around the globe, US\$60 billion in sales (2011), and an R&D pipeline filled with hundreds of innovation projects that together boast a net present value of more than US\$30 billion, we have the strength and resources to be an agile and vital partner to our customers now and into the future. We invite you to see some of our newest solutions at work.

**Dow is an equal opportunity employer.**

This summer, we only have three vacant positions...hurry!

## Summer Internship 2013

Primary Location: Egypt System House – 10<sup>th</sup> of Ramadan City  
Business: Dow Formulated Materials

### Technical Service and Development Lab

Have you ever thought about what it takes to make the right formulation?

Learn about Dow's approach to solving industry problems, learn how to customize your product to satisfy different customer needs without compromising your quality, and most importantly, how to sustain your results.

### Environmental Health and Safety (EH&S)

Have you ever thought about the EH&S risks of running a plant?

Learn about Dow's leading EH&S organization, policies and standards, about the petrochemical industry's best practices, and how EH&S has a positive impact on business and corporate value creation.

### Customer Service

Have you ever thought about partnership management?

Learn about Dow's B2B relationships; learn how to handle specific industrial accounts and how to coordinate between conflicting interests of different functions, global plants, banks, shipping agents, and customers.

If you picture yourself as part of a team that delivers greater value to customers and reshapes the world around us for a better future, we invite you to learn more about Dow. We offer countless possibilities for you to make a difference.

**The 2013 internship program will take place during July - August upon agreement between the candidate and the business.**
